BSc in Computer Science
2020 - 2023

Higher Secondary Education

Science
Calicut Girls VHSS
2018-2020

ACADEMIC PROJECT

Certificate Authentication Using
Periocular Biometrics

Protecting security documents like certificates, passports, and licenses from impersonation is crucial. A system that uses personal biometric features for authentication is necessary. This paper proposes a cost-effective method of creating a unique ID based on facial periocular feature points, converted to a QR code for one-to-one verification. The system is developed using PyCharm for the web-based application
